Fr. Yvon's Weekly Reflection Using our resources to make a difference!

Dear Friends, For many Organizations, including the Church, June 30th marks the end of another Fiscal Year. This got me thinking about if we have used the resources at our disposal in the best possible way. And what I mean in the best possible way is have we shown care for both the buildings and property and at the same time have we shown care for our brothers and sisters. Have we used our resources to care for them Spiritually, Physically, and Emotionally? Have we shown care for the elderly, the homeless, families, and the youth of our world? A healthy balance is needed. I think that we have but it is something that we always need to keep in mind as we are making our budgets. And what is true of Organizations is also true of all of us. As we hit the half way point of our individual fiscal year how are we doing in this area? Are we using our resources to make a difference? Are our resources spent in a balanced way? It might be worth looking into.

God's continued Peace, Fr. Yvon Royer
